Abstract of JP2000268136

PROBLEM TO BE SOLVED: To surely prevent a small-sized memory card from jumping out with an inexpensive configuration. **SOLUTION:** In this adapter 1 provided with a circuit board 6 on which a memory IC is mounted and a frame 8 for housing the circuit board 6 and capable of housing and connecting the small-sized memory card 2, an elastic piece abutting on the side face of the small-sized memory card 2 is provided as a contact member 10. Thus, the danger of damages and losing by jumping-out is eliminated.
